By Jill Kemp

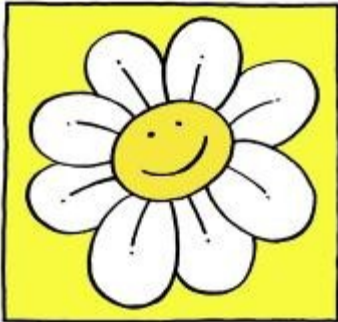

Illustrated by Richard Gunther

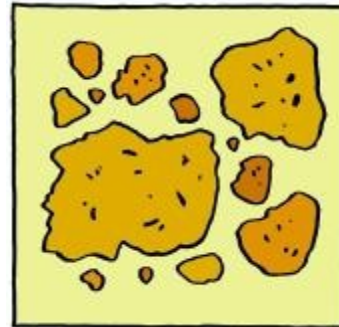

God made everything in the world  
to work together.  
It was all God's idea.  
And YOU are too!

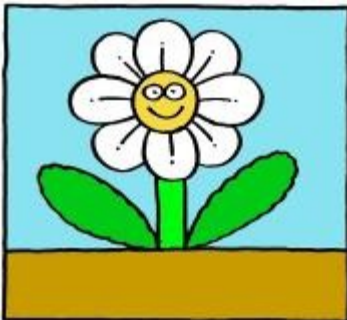

God made bees.  
He gave them wings  
so that they  
can fly to find flowers.

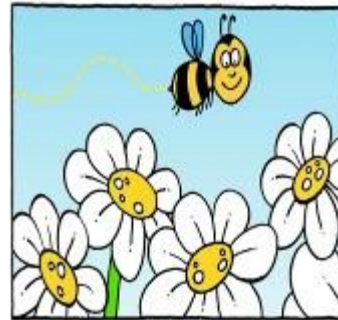

Bees need flowers  
to make their honey.  
Flowers grown  
in the soil.

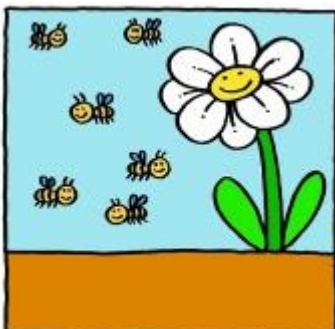

God made soil.  
Good soil makes  
plants grow in our garden.  
It is all God's idea.

God made flowers  
and the bees  
make honey from  
the pollen in the flowers.

Bees know which flowers  
they need to  
make their honey.  
It was God's idea.

The bees tell their friends  
where the good flowers grow.  
They all work together  
to make honey.

Honey is good to eat.  
Bees, soil, flowers and honey  
are God's idea.  
You are God's idea too!
