

26. It's Christmas Rap.

By Deanna Hunter.

What's that asked the man
point to star

To his friends one night
It's so bright said his friend
With hands in the air
What's going on up there
Said the third man there

Sing

It's Christmas
And the Angels are singing
It's Christmas

Rap

Bounce BB Bounce around
Coz I found
The brightest star in town!

Sing

So with all your love you have within
hand on heart

Come sing with me this rhyme
I want all the children in the
open arms wide

To know it's Christmas time
