

Draw On My Back

By Jill Kemp 2007

Melody Steve Wiggins

Sung by Wendy Webster

Model the pictures by drawing and talking through shapes and pictures on paper first.

Draw in the air.

Draw with finger on child's back

Get the child to draw on your back.

Draw a picture on my back

I'll guess what it can be

I will imagine what it is

That you will draw on me

Draw a circle big and round

Sticks around it too

Dots for eyes - and a smile

I guess it is the sun - do you

Rub it out

Draw a picture on my back

I'll guess what it can be

I will imagine what it is

That you will draw on me

Draw a wide rectangle now

Triangle sails - there's two

Make some waves under it

I guess it is a yacht - do you

Rub it out

Draw a picture on my back

I'll guess what it can be

I'll imagine what it is

That you will draw on me

Draw a circle on my back

And one on top makes two

Ears and eyes, whiskers and tail

I guess it is a cat - do you

Meow
